Susie adored her children; she devoted every day in providing for them. She loved to cook; she would create and recreate all kinds of recipes for her family to enjoy! She and her husband would go to all their kids' events. Whether it was a dance recital, a baseball or soccer game and became very involved with the kids during their marching band years. When Susie wasn't with her family she worked at the hospital as an I.V. Pharmacy Technician; she truly was an unsung hero! She enjoyed music and going to concerts. She was very adventurous; she loved telling stories and talked with everybody even if she never had met them before. She also made you feel welcomed. Susie has touched so many hearts during her life time and will forever be missed in ours. Dance pretty angel until we met again!
