Judy Manning

December 2, 1939 - March 15, 2016

Judith Ann (MacMaster) Manning

Judy, age 76, had her memories and now her life stolen away by Alzheimer’s on March 15, 2016. She leaves behind so many people that will always remember her kindness and love. Like her children, Steve, Jim, Linda and Tony and the love of her life, Jerry. They went ice skating on their first date followed by a ten month courtship and then 53 years of marriage. A lifetime of love that ended too soon yet will last for eternity. Others will keep her memories alive including her son-in-law Brian who welcomed her into his home and helped care for her in the last year of her life. Kerry Ross who supported our family and Ashley Ligon who gave her two amazing grandchildren Savion and Gavin.

Please, no flowers. Instead, bring a donation for The Dyckman Free Library in Sleepy Eye, MN where Judy was born.
